

Oil Baron – buying group

Do you use oil (20 sec Kerosene) for cooking or heating in your home? If so, why not join our buying group and save considerable amounts of money off your normal bills?

If you live in the CW post code area – you can participate in our bulk purchasing scheme whereby **YOU** get the benefit of large volume discounts because we combine our joint requirements in litres and negotiate the best price from six suppliers. Members can benefit

from savings of £25 up to £70 each time orders are placed depending on the volume required.

This is a community run project at no cost to you for membership of our buying group which currently numbers 60 plus.
